BARCELONA

Our journey starts with a panoramic view of the city. From *Plaza de Colon* we will reach the famous *Avenida del Paralelo*, to *Plaza de Espana* which gives way to Montjuic hill, the setting of the 1992 Olympic Games (short panoramic stop). Our itinerary continues along the seafront, crossing the picturesque district of Barceloneta to reach Puerto Olimpico. From here we will reach and visit *Park Guell*, the emblematic work of the genius Gaudì. Following its steps we arrive at the *Sagrada Familia*, where we will stop to admire the architecture and symbolism of the façade. Our tour continues to *Paseo de Gracia*, the most luxurious shopping street of the city from where we can admire some of the most famous modern houses including *Casa Batllò* or *Pedrera*, works of Gaudì. From here we will head to *Plaza de la Catalunya*. Lunch and free time. We will take a delightful stroll in the ancient heart of the city. The famous *Ramblas*, *Plaza de San Jaume* and *Plaza del Rey* are just some of the delightful corners we will discover, before ending our day in *Plaza de la Catedral*.
