ROME

Depart Civitavecchia for the “Eternal City”. In Rome we will meet the guide for an explanatory and visual tour of the most striking gems of the city. The *Colosseum*, symbol par excellence, is the best witness of the grandeur and magnificence of the Roman Empire. We will walk along *Via dei Fori Imperiali*, from where we can admire the ruins of the noble buildings: the *Arch of Augustus*, *Temple of Mars and Venus*, the *Domus Aurea*, the *markets of Traiano*; we will be projected into the splendour of an ancient past. We will reach *Piazza Venezia*, topographical centre of Rome, the link between the various historical ages of the city, between early Rome and the Rome of the popes and our day. By bus we will reach *Piazza Navona*, one of the best known and celebrated for its fountains, once designed as the *stadium of Domitian*. From here, we will continue on foot to *Trevi Fountain*, passing in front of the *Pantheon*, crossing the historical and majestic streets of the city. Having performed the ritual of throwing a coin into the fountain, in the early afternoon we can take advantage of a little free time to taste several local dishes or to purchase some appreciated souvenir. The visit will end with the transfer to the Vatican to remain “captured” by the beauty of the Square and the *Basilica of St. Peter*. Visit of the interior. Return to Civitavecchia in the late afternoon.
