KATAKOLON

Meet the guide at the port and transfer by coach to the historical archaeological site of the ancient Greek city of Olympia. It was the seat of the administration and site of the “Olympic” games but also important place of worship, as can be witnessed by the remains of ancient temples, theatres, monuments and statues unearthed by excavation work in the area where the city originally rose. The most famous *temple of Olympia* was built in honour of Zeus: the giant sized statue of the God made in gold and ivory found inside is one of the Seven Wonders of the World. We will visit the inside of the archaeological museum to discover the legends and anecdotes which starred the athletes of the past. We will then move on to the current and modern city of Olympia for a little free time before returning to the port. Note: extra charge for Sundays and holidays
