PALERMO and MONREALE

The destination of our tour is one of the most beautiful cities in Italy and Europe, located at the centre of the homonymous gulf: Palermo. The history of the Sicilian chief town features numerous invasions; each has left its mark which is still visible in the magnificent monuments which we will visit. The first stop-off point is the magnificent 12th century Cathedral (tour of 45 minutes). From here we will discover the main streets and squares which wind along the chief town. Our tour will continue with the panoramic visit of the *Castle of Zisa*, a wonderful example of the Arab architecture and the official historical residence of the Norman kings. Transfer by coach to Monreale, an important historical and artistic centre a short distance from Palermo. The most striking building is the Cathedral, known and appreciated throughout the world because it brings together different tastes which hark back to European architecture and Arab art. We will visit its *Cupola* from where we can admire a breathtaking panorama of the Gulf of Palermo. Transfer to the port.

Price p.pax: 25,00 €

+ 2,00 € Earphones + 5,00 € Monreale

Duration: 4h
